4. Ms. Nikita Borah

Technical Assistant: Mr. Utpal Dutta

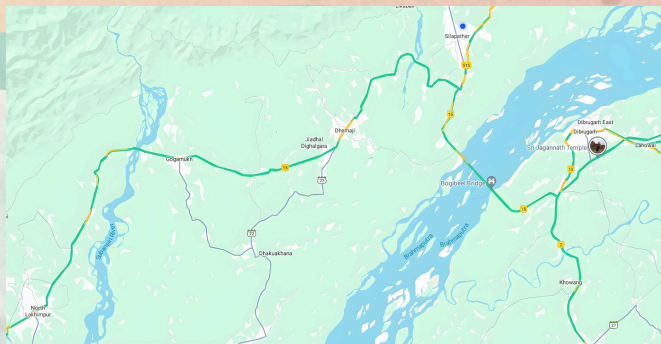

ABOUT THE COLLEGE

Silapathar Science College, a premier seat of higher education offering science education in the Northern Bank of the mighty Brahmaputra, is situated at Amritpur, Silapathar in the district of Dhemaji in Assam 1 km away from the Silapathar town. Campus No.2 and Campus No.3 of the college are located at Gandhi Nagar (5 bighas) and at Milanpur (27 bighas) respectively.

The college was founded in 1996 by a group of zealous and farsighted educationists as well as social activists. At present, we offer Bachelor of Science (BSc.) programmes (Honours and Non-honours) at the Under graduate level under Dibrugarh University and Master of Science (M.Sc.) programme (Botany and Zoology) at the Post Graduate level under Assam Science & Technology University (ASTU). It is permanently affiliated to Dibrugarh University for UG level and affiliated to ASTU for PG level Courses. It is recognised under Clauses 2(f) and 12(B) of the UGC Act 1956.

The college was established to act as a symbol of hope and change in this far-flung tribal, rural and Assam - Arunachal border region of the District. This premier institution took up the cudgels to convey the aspirations of a deprived society, particularly in the field of science education. Silapathar Science College has completed its 25 year of glorious existence with excellence in its field. It accredited with CGPA of 2.7 as B+ grade by NAAC in its 1st cycle.

HOW TO REACH SILAPATHAR

Silapathar Science College is approximately 50 km away from Mohanbari Airport, Dibrugarh, 27 km away from Dhemaji town, 157 km from Itanagar, 100 km from North Lakhimpur (Lilabari Airport) and 451 km from Guwahati. Regular buses and trains are easily available to reach the college. Silapathar and Sissibargaon are the nearest Railway stations to the college.

INVITATION

Dear Sir/ Madam

It gives us immense pleasure to inform you that the Department of Zoology, Silapathar Science College in association with IQAC is going to organise an ICSSR-sponsored National Seminar (Multi-disciplinary) on *"Socio-Economic Issues and Status of Fishermen of Subansiri river, Assam: Policy Drafting for Livelihood Enhancement"* on 28th and 29th June 2024. The seminar intends to provide a platform to academicians, scholars, researchers to interact and exchange their views on this multidisciplinary theme and subthemes.

Therefore, the Organizing Committee cordially invites you and your faculty members along with research scholars and PG students to participate and contribute a research paper in the seminar.

We look forward for your participation and contributions to this programme, which we are sure, will offer fresh insights into the seminar and contribute to the success of the event.

With best regards.

Dr. Ranjit Saikia
Principal & Chairman

Dr. Pabitra Sarmah
Convener &
Organizing Secretary

CONCEPT NOTE

Traditionally people in the riverine environment prefers to settle down close to the river as it provides certain easy opportunities and facilities for sustenance. The river courses are used as transport routes and also natural fishing grounds. The Subansiri River and its resources are the lifelines of huge number of people in the downstream of the river covering both Lakhimpur and Dhemaji districts of Assam. It is the tributary of the mighty river Brahmaputra. The resources collected from the river and the river banks are mostly consumed domestically. As the economy of the area is dominated by agriculture, the inhabitants have naturally developed a close linkage with the local water resources - the river and the wetlands. The floodplains of the river and the wetland fringes provide suitable lands for agriculture and livestock rearing. A huge number of fishermen depends on the river and the river resources. The fishermen play an important role in economic development and resource mobilization of the area.

The main objective of the seminar is to access the different issues and status of fishermen of Subansiri river and to find out ways and policies as to how can enhance their livelihood from the miserable situation. The seminar is expected to encourage thoughts-views and develop policies for livelihood enhancement of the fishermen of this area.

Sub Themes

1. River health and hazards.
2. River resources and socio-economic development.
3. Water conflict.
4. Recent trends in socio-economic development.
5. Role of science and technology in socio-economic development.
6. Impact of dam construction.
7. Rural economy.
8. Biodiversity and socio-economy.
9. Water Pollution and management.
10. Climate change and its impact on socio-economic development.
11. Economic of Botany and Zoology
12. River basin and its migration.
13. Flood and its impact on socio-economy of fishermen
14. Natural Disaster and Ecological imbalance
15. Environmental Impact Assessment
16. Conservation of riverine ecosystem and biodiversity.
17. Other themes related to main theme.

Submission of the Abstract and Papers

The participants who are willing to contribute papers can submit their abstract & full length papers on the above mentioned theme and subthemes. Abstract should be within 200 words & full length paper should be in 2500 - 3000 words. Abstracts & full length papers should be mailed to address icssrns2024@gmail.com or psarmahnlp@rediffmail.com.

Guidelines for Paper Presenters

The presentation will be held in a Hybrid mode (both oral and online). The attendees can choose to present their papers via Google Meet. The link will be shared on the day of seminar.

Dates to Remember:

Last date for Abstract Submission:	20/06/2024
Notification of Acceptance:	21/06/2024
Last Date for Full Paper Submission:	25/06/2024

Registration Fee:

Students : Rs. 200/=

Research Scholar: Rs. 500/=

Faculty without paper : Rs. 700/=

Faculty with paper: Rs. 1000/=

NB: No TA/DA will be provided to the participants. The out-station participants may approach for accommodation to Dr. Pinku Satnami (Mobile No. 8072080024) well in advance on payment basis.
