Dear Sir/ Madam,

We cordially extend our invitation to the two days workshop on "Vermicomposting and Solid Waste Management", sponsored by ASTEC (Assam Government). This event is being organized by the Eco Club, Silapathar Science College in collaboration with Aryabhata Science Centre, Sissiborgaon Block and will take place on 20th & 21st May, 2024. The workshop aims to educate participants on the importance of proper Solid Waste Management practices and the benefits of Vermicomposting as a sustainable solution. Experts in the field will be conducting informative sessions, hands-on demonstrations and interactive activities to engage attendees and provide them with practical knowledge and skills.

We look forward to welcoming you and all the stakeholders to this remarkable workshop, where we can collectively shape a brighter future for our society. Join us to contribute to a cleaner, greener environment.

With regards,

Dr. Mathiyazhagan, Dr. Sangeeta Mili, Dr. Pradeep Upadhaya

Objective:

The workshop aims to teach participants about Solid Waste Management and Vermicomposting. They will learn about reducing, reusing and recycling waste, as well as setting up and maintaining a vermicomposting system. They will also learn how to set up and maintain a vermicomposting system, which uses worms to break down organic waste into nutrient-rich compost. By the end of the workshop, participants will be equipped with the tools and techniques needed to implement sustainable waste management practices in their homes, communities, or businesses.
